

- 1280 x 1024 resolution
- 500:1 contrast ratio
- 150°/120° horizontal/vertical viewing angles
- Built-in speakers
- MagicBright™ and MagicTune™ technology
- Built-in power supply
- VESA® wall mount compatible
- Compatible with PC, Macintosh and Sun Microsystems

The 710M was built on the premise that people demand a lot from a display. So we gave it a roomy 17-inch screen and 500:1 contrast ratio for clear text and vibrant graphics. But don't think we stopped there. To optimize your viewing pleasure, this unique display features two of Samsung's patented technologies, MagicBright™ and MagicTune™. Plus, since the built-in speakers are housed in the bezel, you can mount the 710M on a wall and not lose speaker functionality.
